Norfolk Regional Office  
U.S., General Accounting Office  
Virginia Beach, VA 23455

Attention: Mr. Larry Peacock

Dear Mr. Peacock:

The Director of Central Intelligence asked me to complete the questionnaire enclosed with Mr. William J. Anderson's letter to him of 14 January 1985.

Because the security protection of this Agency's intelligence sources and methods would be compromised by a full disclosure of all of our productivity enhancing investment initiatives, it is necessary that this response be limited to a discussion of our New Building Project.

This project involves the construction of a 1.1 million square foot office building; erecting a 2,500 car parking deck; renovating an existing powerhouse; constructing two security checkpoints; providing the facility with necessary data processing, security, and communications facilities; and actually moving dispersed components into the new building.

I hope this response adequately addresses your request for information. Should you have additional questions, please call me on the number indicated on the questionnaire.

Sincerely,
